Prof. C. Tellambura

Curriculum Vitæ(April 15, 2026)

Address	Department of Electrical & Computer Engineering, University of Alberta, 11-340 Donadeo Innovation Centre for Engineering, 9211-116th St NW Edmonton, Alberta T6G1H9, Canada
Phone	780-492-7228
Mail	chintha@ece.ualberta.ca
WWW	http://www.ece.ualberta.ca/∼chintha

APPOINTMENTS

Professor 2007-present

Department of Electrical and Computer Engineering, University of Alberta, Canada

- Research specialization: Integrated sensing and communications (ISAC), Backscatter communications, Full duplex wireless, Cell-free systems, Broadband 5G and 6G wireless, Machine learning for wireless communications
- Teaching: Probability and statistics for electrical engineers, Digital and analog Communications, Advanced Wireless communications, data communications

Associate Professor 2002 - 2006

Department of Electrical and Computer Engineering, University of Alberta, Canada

- Research specialization: Multiple input multiple output (MIMO) wireless, Cognitive and Cooperative radio networks, Multicarrier wireless communications, Signal processing, Information theory, 3G and 4G wireless communications
- Teaching: Probability and statistics for electrical engineers, Digital and analog Communications, Advanced Wireless communications, data communications

Senior Lecturer 1999 - 2002

Faculty of Information Technology, Monash University, Australia

- Research specialization: 3G wireless networks, Multi-Antenna wireless networks, Multi-carrier modulation
- Teaching: Data Communications, signal processing, computer networking

Lecturer 1997 - 1998

Faculty of Information Technology, Monash University, Australia

- Research: Multi-Antenna Systems, Multi-carrier modulation techniques

- Teaching: Data Communications, signal processing,

Post-doctoral Research Fellow 1994 - 1996
Department of Electronic and Electrical Engineering, University of Bradford, UK
Post-doctoral Research Fellow 1993 - 1994
Department of Electrical and Computer Engineering, University of Victoria, Canada

EDUCATION

PhD in Electronic Engineering 9/1993
University of Victoria, Canada
Thesis supervisor: Professor V. K. Bhargava
External examiner: Professor James K. Cavers
Thesis title: Performance analysis of trellis codes transmitted over fading channels

M.Sc. in Digital Electronics 1988
King's College, University of London, UK
B.Sc. (1st class honors) in Electronics and Telecommunication Eng. 1986
University of Moratuwa, Sri Lanka

AWARDS & EDITORSHIPS

1. Ranked 26th among Canadian scientists and 456 worldwide in the discipline of Electronics and Electrical Engineering (Research.com),
2. Editor in Chief, Networks and Communications, Frontiers in Computer Science, 2020-
3. Editor for Information Theory, Probability and Statistics for Entropy, 2020-
4. Technical program Co-Chair for Vehicular Technology conference, Victoria, Canada, 2020,
5. Nokia Wireless visiting professor, Center for Wireless Communications, University of Oulu, Finland, 2019,
6. Fellow of the Canadian Academy of Engineering, 2017,
7. Best Paper award, IEEE International Conference on Communications, France, 2017,
8. Technical program Co-Chair for Vehicular Technology conference, Australia 2017,
9. Technical program Co-Chair for Biennial Symposium on Communications, Canada 2016,
10. McCalla Professorship, University of Alberta, 2012,
11. Best Paper Award, IEEE International Conference on Communications, Canada, 2012,
12. Fellow of the Institute of Electrical and Electronics Engineers (IEEE) for contributions to 'physical layer wireless communication theory', 2011,

13. Killam Annual Professorship, University of Alberta, 2010,

14. Area Editor (Wireless communication theory and systems), IEEE Transactions on Wireless Communications (2007-2012),

15. Editorial Advisory Board, IEEE Transactions on Wireless Communications (2012-2014),

16. Associate Editor, IEEE Transactions on Communications (1999 –2012),

17. Associate Editor, IEEE Transactions on Wireless Communications (2001 – 2012),

18. Associate Editor, IEEE Journal on Selected Areas of Communications (1999 - 2000)

PHD SUPERVISION

1. S. Zargari (09/2021 - 04/2025), thesis title: ”Enhancing Ambient Backscatter and ISAC Systems: Optimization and Deep Learning Approaches,” present position: Research Engineer, Huawei Canada.

2. A Hakimi (09/2020- 09/2024), thesis title: ”Low power communication techniques for 6G wireless systems,” present position: PDF, University of Alberta.

3. W. Zhao (01/2021-01/2022) thesis title: ”Backscatter wireless radio networks,” visiting PhD student from Beijing Jiao Tong University, China, present position: Research engineer, China Mobile.

4. Z. Jiasi (01/2021-01/2022), thesis title: ”Resource allocation algorithms for future wireless networks,” visiting PhD student from China University of Mining & Technology, present position: Lecturer, Xuzhou Medical University.

5. M. Ataeeshojai*[1] (09/2017- 11/2022), ”Massive MIMO for Future Wireless Networks: Energy Efficiency, Interference Management and Symbiotic IoT Networks,” present position: Research Engineer, Huawei Canada.

6. A. Mohammadian (09/2021[2]), ”Spectral efficient non-orthogonal radio designs for future wireless networks,” present position: Research Engineer, Huawei Canada.

7. A. R. Heidarpour* (04/2021), ”Cooperative communications for future wireless systems,” present position: PDF, University of Toronto.

8. Mingyang Wu (9/2020), thesis title, ”Advanced Wireless Communications,” visiting PhD student, Chinese University.

9. Z Xu (9/2020) , Harbin Engineering University Thesis/Project Title: ”Resource allocations for cognitive Wireless Communications,” visiting PhD student, Harbin Engineering University.

[1] * indicates co-supervision.
[2] indicates graduation time.

10. F Rezaei (10/2020) , thesis title: ”NOMA for cell-free massive MIMO systems,” visiting PhD student, Yazd University, Iran, present position: Research Engineer, Huawei Canada.

11. M. H. Ardakani* (09/2020), ”Fast and Simplified Successive-Cancellation Based Decoders for Polar Codes,” present position: PDF, University of Toronto.

12. S. Silva* (04/2020), “Cooperative Communications for 5G New Radio,” present position: Research Engineer, Ericsson Canada.

13. C. Ren* (09/2017), “Research on High-Performance Virtual Full-Duplex Relaying”- present position: Assistant Professor, Beijing Engineering and Technology Research Center for Convergence Networks and Ubiquitous Services, University of Science and Technology Beijing, China.

14. K. Wu* (08/2018), “Machine learning for heterogeneous wireless networks”, present position: Assistant Professor, National University of Defense Technology, Changsha, Beijing, China.

15. L Li (9/2019), thesis title: Deep learning techniques of Wireless Communications, visiting PhD student from Southwest Jiaotong University.

16. K. Belbase* (04/2019), “Performance analysis of Millimetre wave relay networks,” present position: Research engineer, Ericsson Wireless, Ottawa, Canada.

17. P. Herath* (04/2018), “Performance Analysis of Power Control and Cell Association in Heterogeneous Cellular Networks,” present position: Senior Engineer, InterDigital Inc., Montreal, Canada.

18. S. Kusaladharma (08/2017), “Stochastic Geometry Based Analysis of Candidate Technologies for 5G Cellular Systems,” present position: PDF, University of Toronto, Canada.

19. Y. Dhungana (04/2016), “Modeling and analysis of heterogeneous and cognitive cellular networks,” present position: Research Engineer, Ericsson Canada Inc., Ottawa, Canada

20. V. Banjade* (01/2016), “Analysis of Non-Coherent Detectors for Opportunistic Spectrum Access in Broadband Wireless Networks,” present position: Research Scientist, Intel Labs, Portland, USA

21. Y. Cao (04/2015), “Beamforming for underlay two-way relay networks,” present position: Data Scientist, 48Hour Discovery Inc., Canada

22. S. Han (08/2013), “Low complexity detection techniques for MIMO and cooperative networks”, Assistant Professor at Institute of Automation, Chinese Academy of Science, Beijing, China

23. S. Atapattu* (08/2013), “Analysis of energy detection in cognitive radio networks” Research Fellow, University of Melbourne, Australia.

24. G. Amarasuriya* (08/2013),“Design and analysis of new wireless transmission strategies for cooperative relay networks”, Professor, Southern Illinois University, Carbondale, IL, USA.

25. W. Xu (2011-2012), “Cooperative relay system and cognitive radio networks” Patent Attorney, China Patent Agent, Beijing City, China

26. D. Senaratne (09/2012), “New signal processing techniques for MIMO physical layer,” Systems Engineer, Qualcomm Inc., San Diego, USA.

27. G. Wang (08/2011), “Channel estimation and training sequence design for one-way and two-way relay networks”, Professor and associate dean, Beijing Jiaotong University, China.

28. W. Zhang (04/2011), “Channel and frequency offset estimation for OFDM-based systems,” Research Engineer, Bell Mobility, Canada.

29. A. Ghaderipoor (11/2009), “Unitary integration for unified MIMO capacity and performance analysis”, Engineer, Broadcom Corporation, Irvine, California, USA.

30. Y. Fu* (03/2009), “Transmission precoding for interference mitigation in closed-loop MIMO OFDM systems,” Research Engineer, Qualcomm, San Diego, California, USA.

31. L. Wang (10/2007), “Peak to average power ratio reduction in OFDM systems”, Research Engineer, SMART Technologies, Calgary, AB, Canada.

32. D. Dao (12/2006), “Design of low complexity space-time block codes for wireless communication systems,” Senior Research Engineer, Huawei Technologies, Ottawa, Canada.

33. K. Sathananthan (05/2003), Monash University, Melbourne, Australia, “OFDM for wireless communications (intercarrier interference and peak power reduction),” Research Engineer, NEC, Melbourne, Australia.

34. A. Jayalath (09/2002), Monash University, Melbourne, Australia, “OFDM for wireless broadband communications: peak power reduction, spectrum and coding,” Senior Lecturer, School of Engineering Systems, Queensland University of Technology, Australia.

MSC SUPERVISION

1. D. Wang (08/2020), “Wireless Communications for 5G systems,” present position: Software Engineer, Amazon, New York, USA.

2. K. Pourtahmasi* (08/2017), “Exact Solutions for Certain Weighted Sum-rate and Common-rate Maximization Problems,” present position: PhD student, University of Alberta, Canada

3. B. Banerjee (08/2017), “A Study of Optimized Caching and User Mobility in Wireless Cache-enabled Networks,” present position: PDF researcher, Technical University of Dresden, Germany

4. S. Silva* (09/2015), “Relay selection for MIMO and massive MIMO two-way relay networks”, PhD student, University of Alberta

5. M. Jin* (09/2013), “Parallel implementations of detection algorithms for MIMO systems on the graphics processing unit,” unknown status

6. M. Wang (12/2013), “Gauss-Chebyshev quadratures for Wireless performance analysis,” present position: Engineer, Telus, Edmonton, AB, Canada

7. S. Kusaladharma (08/2013), “Aggregate interference analysis for cognitive radio networks”, present position: Post Doctoral Fellow at the University of Toronto.

8. Z. Abdeyazdan* (09/2012), “Improving energy efficiency in broadcasting and multicasting applications,” Software Engineer, Cisco, Kanata, ON, Canada

9. K. Mahdaviani (08/2012), “Customized raptor code designs for finite lengths and practical settings”, PhD student, University of Toronto, Canada

10. M. Soysa (08/2011), “Performance of dual hop relay systems with imperfect CSI”, present position: PhD student, University of California, San Diego, USA

11. X. Gong* (07/2010), “Joint bandwidth and power allocation in wireless communication networks”, present position: Assistant Professor, Electrical and Computer Engineering, Auburn University, USA

12. P Kalansuriya (08/2009), “Rate adaptive transmission in cooperative networks”, present position: Electronic Engineer, Clarinox Technologies, Australia

13. D. Ngo (07/2009), “Resource allocation for OFDMA-based multicast wireless systems”, present position: Associate Professor, School of Electrical Engineering and Computer Science, University of Newcastle, Australia

14. T. Nechiporenko (08/2008), “Cooperative communication under adaptive transmission”, present position: Associate, Smart & Biggar Fetherstonhaugh, Montreal, Canada

15. K. Phan, (05/2008), “Resource allocation in wireless networks via convex programming”, present position: Senior Research Fellow and Senior Lecturer, La Trobe University, Australia.

16. Y. Wu (09/2007), “Low-Complexity Detection for Multiple Antenna Wireless Communication Systems”, present position: Research Engineer, Honeywell, Edmonton, AB, Canada

17. M. Sharmin (09/2007), “Maximum Likelihood Detection in Communication using Metaheuristic Search Methods”, present position: Engineer, Celanese EVA Performance Polymers, Edmonton, AB, Canada

18. M. Hajiaghayi (08/2007), “Unitary and Differential Unitary Space Time Modulation,” present position: Data Scientist, Microsoft, Seattle, USA

19. X. Deng (08/2007), “Performance Analysis of Orthogonal Space-Time Block-Coded MIMO Systems with Antenna Selection”, present position: Patent agent, Gowlings, Ottawa, Canada

20. S. Kaviani (12/2006), “Closed-loop transmit diversity for multiple antenna systems,” present position: Senior System Engineer, Qualcomm Inc., San Diego, USA

21. T. Cui (08/2005), “Efficient detection techniques for wireless communications,” present position: Systems Engineer, Qualcomm Inc., San Diego, USA

22. A. Alavi* (12/2004), “Decoding algorithms for peak reduction codes,” present position: Research Engineer, Analog Devices Inc, Raleigh, NC, USA

23. Y. Chen (08/2004), “New diversity combiners and the impact of fading correlation on diversity systems,” present position: Research engineer, Cisco, CA, USA

24. I. Shakeel (12/2002), Monash University, Melbourne, Australia, “Block coding to compensate non-linear distortions of DS-CDMA,” unknown status

25. X. Huang (08/2000), Monash University, Melbourne, Australia, “Efficient Wireless MAC protocols,” unknown status

26. K. Tanuvidaja (08/1999), Monash University, Melbourne, Australia, “Parallel simulation of CAC algorithms for ATM networks,” unknown status

PDF SUPERVISION

1. Dr. D. Galappaththige (01/2022- in progress), present project–Bridging the Gap Between Communication and Sensing in 6G Wireless Networks, University of Alberta.

2. Dr. F. Rezaidi (12/2023), present position: Research Engineer, Huawei, Ottawa, Canada.

3. Dr. M. Ardakani* (11/2020-in progres), present project–Coding and decoding techniques for future wireless networks, University of Alberta.

4. Dr. A. R. Heidarpour* (6/2021-in progress), present project – Machine learning techniques for wireless communications, University of Alberta.

5. Dr. S. Silva (10/2020), present position: Research Engineer, Ericsson Canada.

6. Dr. Jinming Wen (11/2017), present position: Full Professor, College of Information Science and Technology, Jinan University, Guangzhou, China

7. Dr. Zeinab Zeinalkhani (09/2017), present position: Signal Processing Specialist, Honeywell, Canada.

8. Dr. Ahmad Abu Al Haija (09/2016), present position: Research Engineer, Huawei, Ottawa, Canada.

9. Dr. Saman Atapattu* (10/2014), present position: Research Fellow, University of Melbourne, Australia.

10. Dr. H. Bagheri* (11/2011), present position: Senior Engineer, Huawei Technologies, Chicago, USA.

11. Dr. A. Ghaderipoor (09/2010), present position: Systems Engineer, Broadcom Corporation, Irvine, California, USA.

12. Dr. Z. Zhang (09/2008), present position: Professor and associate Dean, University of Science and Technology Beijing, China.

13. Dr. W. Chen (09/2006), present position: Professor and Dean, Shanghai Jiaotong University, China.

RESEARCH FUNDING

1. Natural Sciences and Engineering Research Council of Canada (NSERC) Discovery, ‘ Advanced digital communications and signal processing techniques for 6G wireless networks’, $ 270, 000 (PI, 2022−2028)

2. Alliance Grants, Natural Sciences and Engineering Research Council of Canada (NSERC) and Huawei Canada, ‘Design, integration and analysis of wireless technologies for 5G networks’, $ 683, 399 (PI, 2021−2024)

3. Natural Sciences and Engineering Research Council of Canada (NSERC) Discovery, ‘Design, integration and analysis of wireless technologies for 5G networks’, $ 325, 000 (PI, 2016−2021)

4. Mitacs, ‘Smart public toilets using Internet of things’, $ 143, 333 (PI, 2016−2018)

5. Natural Sciences and Engineering Research Council of Canada (NSERC) CRD, ‘Practical network coding solutions ’, $ 330, 000 (co-PI, 2013−2015)

6. Natural Sciences and Engineering Research Council of Canada (NSERC) Discovery, ‘Multiple antenna two-way relay networks’, $ 385, 000 (PI, 2011−2016)

7. Alberta Advanced Education and Technology, ‘Effective, efficient, and secure communications in broadband wireless ’, $ 50, 000 (PI, 2008−2009)

8. Natural Sciences and Engineering Research Council of Canada (NSERC) Discovery, ‘Efficient detection algorithms for MIMO and OFDM’, $ 278, 500 (PI, 2005−2011)

9. Natural Sciences and Engineering Research Council of Canada (NSERC) Strategic, ‘Intelligent signal processing for ubiquitous high-capacity, heterogeneous scalable wireless networks’, $ 589, 500 (PI, 2007−2010)

10. Natural Sciences and Engineering Research Council of Canada (NSERC) Strategic, ‘Enabling technologies for future wireless high throughput packet data access’, $ 1, 000, 000 (co-PI, 2002−2007)

11. Natural Sciences and Engineering Research Council of Canada (NSERC), ”OFDM for wireless communications,” $ 112, 000 (PI, 2002−2006)

12. Canadian Foundation for Innovation , ”Infrastructure for establishing a communications research laboratory,” $ 285, 000 (PI, 2002−2006)

13. Australian Research Council, ”Coding and signal design techniques for reducing signal peaks and interference,” $ 165,000 (PI, 2001−2003)

18. J. Shentu – PhD 12/2001, “Frequency offset estimation for OFDM, PCC OFDM and overlap PCC OFDM,” La Trobe University, Melbourne, Australia.

19. L. Soon – PhD 08/2000, “Families of binary and multiple-valued sequences with good correlation properties for use in digital communications,” Nanyang Technological University, Singapore.

20. Y. Ma -MSc 10/2005, “Multiple-symbol differential detection for differential space-time modulation in the presence of multiple cochannel interferers,” McGill University, Montreal, PQ, Canada.

21. K. Anderson -MSc 10/2000, “Practical multiuser detection algorithms for CDMA,” Victoria University of Technology, Australia.

22. J. Kong MSc 07/2000, “Weight patterns and interleaver design for parallel concatenated convolutional codes,” University of Canterbury, New Zealand.

23. T. Salim -MSc 04/2000, “Timing synchronization of PCC OFDM,” La Trobe University, Melbourne, Australia.

CONFERENCE ACTIVITIES

171. Technical program committee, Waveform and signal processing track, *Military Communications Conference*, Baltimore, MD, USA. 11/2016

170. Technical program committee, *Asia-Pacific Conference on Communications*, Yogyakarta, Indonesia, 08/2016

169. Technical program committee, Fundamentals and PHY track, *IEEE International Symposium on Personal Indoor and Mobile Radio Communications*, Valencia, Spain, 09/2016

168. Technical program committee, Cognitive radio for future generation networks and spectrum workshop, *IEEE International Symposium on Personal Indoor and Mobile Radio Communications*, Valencia, Spain, 09/2016

167. Technical program committee, *International Symposium on Wireless Communication Systems*, Poznan, Poland , 09/2016

166. Technical program committee, Communication theory symposium, *IEEE Global Communications Conference*, Washington, DC, USA, 12/2016

165. Technical program committee, Cognitive radio and networks symposium, *IEEE Global Communications Conference*, Washington, DC, USA, 12/2016

164. Technical program committee co-chair, *Biennial Symposium on Communications*, Kelowna, BC, Canada, 06/2016

163. Technical program committee, *International Conference on Telecommunications*, Thessaloniki, Greece, 05/2016

162. Technical program committee, *IEEE International Symposium on Information Theory*, Barcelona, Spain, 07/2016

161. Technical program committee, *IEEE Canadian Conference on Electrical and Computer Engineering*, Vancouver, BC, Canada, 05/2016

160. Technical program committee, Signal processing for communications symposium, *IEEE International Conference on Communications*, Kuala Lumpur, Malaysia, 05/2016

159. Technical program committee, Wireless communications symposium, *IEEE International Conference on Communications*, Kuala Lumpur, Malaysia, 05/2016

158. Technical program committee, Communications theory symposium, *IEEE International Conference on Communications*, Kuala Lumpur, Malaysia, 05/2016

157. Technical program committee, Communications theory symposium, *IEEE Global Communications Conference* San Diego, USA, 12/2015

156. Technical program committee, Wireless communications symposium, *IEEE Global Communications Conference* San Diego, USA, 12/2015

155. Technical program committee, Workshop on 5G heterogeneous and small cell networks, *IEEE Global Communications Conference* San Diego, USA, 12/2015

154. Technical program committee, Fundamentals and PHY track, *IEEE International Symposium on Personal Indoor and Mobile Radio Communications*, Hong Kong, 08/2015

153. Technical program committee, Waveform and signal processing track, *Military Communications Conference*, Tampa, FL, USA, 10/2015

152. Technical program committee, *International Symposium on Wireless Communication Systems*, Brussels, Belgium, 08/2015

151. Technical program committee, *Canadian Workshop on Information Theory*, St. John's, NL, Canada, 07/2105

150. Technical program committee, Wireless communications symposium, *IEEE International Conference on Communications*, London, UK, 06/2015

149. Technical program committee, Signal processing for communications symposium, *IEEE International Conference on Communications*, London, UK, 06/2015

148. Technical program committee, Communications theory symposium, *IEEE International Conference on Communications*, London, UK, 06/2015

147. Technical program committee, Workshop on small cell and 5G networks, *IEEE International Conference on Communications*, London, UK, 06/2015

146. Technical program committee, *International Conference on Telecommunications*, Sydney, Australia, 04/2015

145. Technical program committee, *IEEE International Conference on Communication, Networks, and Satellite*, Jakarta, Indonesia, 11/2014

144. Technical program committee, *IEEE Consumer Communications and Networking Conference*, Las Vegas, Nevada, USA, 01/2015

143. Technical program committee, *International Conference on Communication Systems*, Macau, China, 11/2014

142. Technical program committee, *IEEE Region 10 Technical Symposium*, Kuala Lampur, Malaysia, 014/2014

141. Technical program committee, Waveform and Signal Processing Track, *Military Communications Conference*, Baltimore, USA, 10/2014

140. Technical program committee, Fundamentals and PHY Track, *IEEE International Symposium on Personal Indoor and Mobile Radio Communications*, Washington, DC, USA, 09/2014

139. Technical program committee, Wireless communications symposium, *IEEE Global Communications Conference*, Austin, USA, 12/2014

138. Technical program committee, Signal processing for communications symposium, *IEEE Global Communications Conference*, Austin, USA, 12/2014

137. Technical program committee, Communication theory symposium, *IEEE Global Communications Conference*, Austin, USA, 12/2014

136. Technical program committee, *European Signal Processing Conference*, Lisbon, Portugal, 09/2014

135. Technical program committee, *International Symposium on Information Theory*, Honolulu, HI, USA, 07/2014

134. Technical program committee, *IEEE Canadian Conference on Electrical and Computer Engineering*, Toronto, Canada, 05/2014

133. Technical program committee, Wireless communications symposium, *IEEE International Conference on Communications*, Sydney, Australia, 06/2014

132. Technical program committee, Signal processing for communications symposium, *IEEE International Conference on Communications*, Sydney, Australia, 06/2014

131. Technical program committee, Communications theory symposium, *IEEE International Conference on Communications*, Sydney, Australia, 06/2014

130. Technical program committee, *International Workshop on High Mobility Wireless Communications*, Shanghai, China, 11/2013

129. Technical program committee, Technical program committee, Fundamentals and PHY track, *IEEE International Symposium on Personal Indoor and Mobile Radio Communications*, London, UK, 09/2013

128. Technical program committee, Mobile and wireless networks track,*IEEE International Symposium on Personal Indoor and Mobile Radio Communications*, London, UK, 09/2013

127. Technical program committee, Wireless networking symposium, *IEEE Global Communications Conference* Atlanta, USA, 12/2013

126. Technical program committee, Wireless communications symposium, *IEEE Global Communications Conference* Atlanta, USA, 12/2013

125. Technical program committee, Signal processing for communications symposium, *IEEE Global Communications Conference* Atlanta, USA, 12/2013

124. Technical program committee, Communication theory symposium *IEEE Global Communications Conference* Atlanta, USA, 12/2013

123. Technical program committee, Cognitive radio and networks symposium, *IEEE Global Communications Conference* Atlanta, USA, 12/2013

122. Technical program committee, *Canadian Workshop on Information Theory*, Toronto, Canada, 06/2013

121. Technical program committee, Wireless networking symposium, *IEEE International Conference on Communications* Budapest, Hungary, 06/2013

120. Technical program committee, Wireless communications symposium, *IEEE International Conference on Communications* Budapest, Hungary, 06/2013

119. Technical program committee, Signal processing for communications symposium, *IEEE International Conference on Communications* Budapest, Hungary, 06/2013

118. Technical program committee, Communications theory symposium, *IEEE International Conference on Communications* Budapest, Hungary, 06/2013

117. Technical program committee, PHY and fundamentals track, *IEEE Wireless Communications & Networking Conference*, Shanghai, China, 04/2013

116. Technical program committee, *International Conference on Communication Systems*, Singapore, 11/2012

115. Technical program committee, *Wireless communications symposium*, Huangshan, China, 10/2012

114. Technical program committee, Waveform and signal processing track, *Military Communications Conference*, Florida, USA, 10/2012

113. Technical program committee, Wireless networking symposium, *IEEE Global Communications Conference*, California, USA, 12/2012

112. Technical program committee, Signal processing for communications symposium, *IEEE Global Communications Conference*, California, USA, 12/2012

111. Technical program committee, Communication theory symposium, *IEEE Global Communications Conference*, California, USA, 12/2012

110. Technical program committee, Signal processing for communications symposium, *IEEE International Communications Conference in China*, Beijing, China, 08/2012

109. Technical program committee, *International Symposium on Wireless Communication Systems*, Paris, France, 08/2012

108. Technical program committee, PHY and fundamentals track, *IEEE International Symposium on Personal Indoor and Mobile Radio Communications*, Sydney, Australia, 09/2012

107. Technical program committee, *Queens Biennial Symposium on Communications*, Kingston, ON, Canada, 05/2012

106. Technical program committee, PHY and fundamentals track, *IEEE Wireless Communications & Networking Conference*, Paris, France, 04/2012

105. Technical program committee, Signal processing for communications symposium, *IEEE International Conference on Communications*, Ottawa, Canada, 06/2012

104. Technical program committee, Communications theory symposium, *IEEE International Conference on Communications*, Ottawa, Canada, 06/2012

103. Technical program committee, *ACM International Conference on Modelling, Analysis and Simulation of Wireless and Mobile Systems*, Miami Beach, FL, USA, 11/2011

102. Technical program committee, *IEEE International Symposium on Personal Indoor and Mobile Radio Communications*, Toronto, Canada, 09/2011

101. Technical program committee, Signal processing for communications symposium, *IEEE Global Communications Conference*, Houston, USA, 12/2011

100. Technical program committee, Wireless communications symposium, *IEEE Global Communications Conference*, Houston, USA, 12/2011

99. Technical program committee, *IEEE Sarnoff Symposium*, Princeton, NJ, USA, 05/2011

98. Technical program committee, *Canadian Workshop on Information Theory*, Kelowna, BC, Canada, 05/2011

97. Technical program committee, *Wireless Telecommunications Symposium*, New York, NY, USA, 04/2011

96. Technical program committee, PHY and fundamentals track, *IEEE Wireless Communications & Networking Conference*, Cancun, Mexico, 03/2011

95. Technical program committee, Wireless networking symposium *IEEE International Conference on Communications*, Kyoto, Japan, 06/2011

94. Technical program committee, Wireless communications symposium, *IEEE International Conference on Communications*, Kyoto, Japan, 06/2011

93. Technical program committee, Signal processing for communications symposium, *IEEE International Conference on Communications*, Kyoto, Japan, 06/2011

92. Technical program committee, Communication theory symposium, *IEEE International Conference on Communications*, Kyoto, Japan, 06/2011

91. Technical program committee, Signal processing symposium, *IEEE Global Communications Conference*, Florida, FL, USA, 12/2010

90. Technical program committee, Communication theory symposium, *IEEE Global Communications Conference*, Florida, FL, USA, 12/2010

89. Technical program committee, Wireless communications symposium, *IEEE Global Communications Conference*, Florida, USA, 12/2010

88. Technical program committee, Workshop on mobile computing and emerging communication networks, *IEEE Global Communications Conference*, Florida, FL, USA, 12/2010

87. Technical program committee, *International Conference on Wireless Communications & Signal Processing*, Suzhou, China, 10/2010

86. Technical program committee, Waveform and signal processing track, *Military Communications Conference*, CA, USA, 10/2010

85. Technical program committee, *International Symposium on Turbo Codes & Iterative Information Processing*, Brest, France, 09/2010

84. Technical program committee, Fundamentals and PHY track, *IEEE International Symposium on Personal Indoor and Mobile Radio Communications*, Istanbul, Turkey, 09/2010

83. Technical program committee, *Queens Biennial Symposium on Communications*, Kingston, ON, Ontario, Canada, 05/2010

82. Technical program committee, Signal processing for communications symposium, *IEEE International Conference on Communications*, Cape Town, South Africa, 05/2010

81. Technical program committee, Signal processing symposium, *IEEE Global Communications Conference*, Honolulu, HI, USA, 12/2009

80. Technical program committee, Communication theory symposium, *IEEE Global Communications Conference*, Honolulu, HI, USA, 12/2009

79. Technical program committee, Wireless communications symposium, *IEEE Global Communications Conference*, Honolulu, HI, USA, 12/2009

78. Technical program committee, *European Wireless Conference*, Aalborg, Denmark, 05/2009

77. Technical program committee, *International Symposium on Information Theory*, Seoul, Korea, 07/2009

76. Technical program committee, *Canadian Workshop on Information Theory*, Ottawa, ON, Canada, 05/2009

75. Technical program committee, *Communications Networks and Services Research Conference*, Moncton, Canada, 05/2009

74. Technical program committee, Communications and signal processing symposium, *GCC Conference & Exhibition*, Kuwait City, Kuwait, 05/2009

73. Technical program committee, Wireless communications symposium *IEEE International Conference on Communications*, Deresden, Germany, 06/2009

72. Technical program committee, Signal processing for communications symposium, *IEEE International Conference on Communications*, Deresden, Germany, 06/2009

71. Technical program committee, Communication theory symposium, *IEEE International Conference on Communications*, Deresden, Germany, 06/2009

70. Technical program committee, *Mosharaka International Conference on Communications, Computers and Applications*, Amman, Jordan, 08/2008

69. Technical program committee, Signal processing symposium, *IEEE Global Communications Conference*, New Orleans, LA, USA, 12/2008

68. Technical program committee, Wireless communications symposium, *IEEE Global Communications Conference*, New Orleans, LA, USA, 12/2008

67. Technical program committee, Communications theory symposium, *IEEE Global Communications Conference*, New Orleans, LA, USA, 12/2008

66. Technical program committee, Communications and information theory symposium, *International Wireless Communications and Mobile Computing Conference*, Crete Island, Greece, 08/2008

65. Technical program committee, Fundamentals and PHY track, *IEEE International Symposium on Personal Indoor and Mobile Radio Communications*, Cannes, France, 09/2008

64. Technical program committee, *Queens Biennial Symposium on Communications*, Kingston, ON, Ontario, Canada, 06/2008

63. Technical program committee, *European Wireless Conference*, Prague, Czech Republic, 06/2008

62. Technical program committee, *IEEE International Conference on Circuits and Systems for Communications*, Shanghai, China, 05/2008

61. Technical program committee, *IEEE Canadian Conference on Electrical and Computer Engineering*, Niagara Falls, ON, Canada, 05/2008

60. Technical program committee, *Communications Networks and Services Research Conference*, Halifax, NS, Canada, 05/2008

59. Technical program committee, *IEEE Wireless Communications & Networking Conference*, Las Vegas, USA, 4/2008

58. Technical program committee, Wireless communications symposium *IEEE International Conference on Communications*, Beijing, China, 05/2008

57. Technical program committee, Signal processing symposium, *IEEE International Conference on Communications*, Beijing, China, 05/2008

56. Technical program committee, Communications theory symposium, *IEEE International Conference on Communications*, Beijing, China, 05/2008

55. Technical program committee, Signal processing for communication symposium, *IEEE Global Communications Conference*, Washington, DC, USA, 11/2007

54. Technical program committee, Wireless communications symposium *IEEE Global Communications Conference*, Washington, DC, USA, 11/2007

53. Technical program committee, Communications theory symposium, *IEEE Global Communications Conference*, Washington, DC, USA, 11/2007

52. Technical program committee, *International Conference on Wireless Communications and Mobile Computing*, Honolulu, Hawaii, USA, 08/2007

51. Technical program committee, *Mosharaka International Conference on Communication Systems and Circuits*, Amman, Jordan, 06/2007

50. Technical program committee, *International Symposium on Information Theory*, Nice, France, 06/2007

49. Technical program committee, *European Wireless Conference*, Paris, France, 04/2007

48. Technical program committee, Communications theory symposium, *IEEE International Conference on Communications*, Glasgow, Scotland, 06/2007

47. Technical program committee, Wireless communications symposium, *IEEE International Conference on Communications*, Glasgow, Scotland, 06/2007

46. Technical program committee, Phy/MAC Track, *IEEE Wireless Communications & Networking Conference*, Hong Kong, 03/2007

45. Technical program committee, *IEEE Singapore International Conference on Communication Systems*, Singapore, 10/2006

44. Technical program committee, Wireless communications symposium *IEEE Global Communications Conference*, San Francisco, CA, USA, 11/2006

43. Technical program committee, Communications theory symposium *IEEE Global Communications Conference*, San Francisco, CA, USA, 11/2006

42. Technical program committee, Signal processing for communication symposium *IEEE Global Communications Conference*, San Francisco, CA, USA, 11/2006

41. Technical program committee, *Asia-Pacific Conference on Communications*, Busan, Korea, 11/2006

40. Technical program committee, *European Signal Processing Conference*, Florence, Italy, 11/2006

39. Technical program committee, *Wireless Euro-Mediterranean International Conference*, Amman, Jordan, 05/2006

38. Technical program committee, *IEEE International Symposium on Powerline Communications and Its Applications*, Orlando, FL, USA, 03/2006

37. Technical program committee, Wireless communications symposium *IEEE International Conference on Communications*, Istanbul, Turkey, 06/2006

36. Technical program committee, Communications theory symposium *IEEE International Conference on Communications*, Istanbul, Turkey, 06/2006

35. Technical program committee, Phy/MAC Track, *IEEE Wireless Communications & Networking Conference*, Las Vegas, NV, USA, 04/2006

34. Technical program committee, *International Symposium on Wireless Pervasive Computing*, Phuket, Thailand, 01/2006

33. Technical program committee, *IEEE International Symposium on Personal Indoor and Mobile Radio Communications*, Berlin, Germany, 09/2005

32. Chair, Communication theory symposium, *IEEE Global Communications Conference*, St. Louis, Missouri, USA, 12/2005.

31. Technical program committee, *International Workshop on Signal Processing Advances in Wireless Communications*, New York, NY, USA, 01/2005

30. Technical program committee, DSP for wireless applications track, *IEEE Vehicular Technology Conference*, Dallas, TX, USA, 09/2005

29. Technical program committee, Modeling and simulation track, *IEEE Vehicular Technology Conference*, Dallas, TX, USA, 09/2005

28. Technical program committee, Wireless access track, *IEEE Vehicular Technology Conference*, Dallas, TX, USA, 09/2005

27. Technical program committee, Wireless personal communication systems track, *IEEE Vehicular Technology Conference*, Dallas, TX, USA, 09/2005

26. Technical program committee, Transmission technology track, *IEEE Vehicular Technology Conference*, Dallas, TX, USA, 09/2005

25. Technical program committee, Communications theory symposium, *IEEE International Conference on Communications*, Seoul, Korea, 05/2005

24. Technical program committee, Wireless communications symposium, *IEEE International Conference on Communications*, Seoul, Korea, 05/2005

23. Technical program committee, Signal processing for communications symposium, *IEEE International Conference on Communications*, Seoul, Korea, 05/2005

22. Technical program committee, *IEEE Wireless Communications & Networking Conference*, New Orleans, LA, 03/2005

21. Technical program committee, *IASTED International Conference on Communication Systems and Applications*, Banff, AB, Canada, 07/2005

20. Technical program committee, *IASTED International Conference on Wireless Networks and Emerging Technologies*, Banff, AB, Canada, 07/2005

19. Technical program committee, MIMO symposium, *International Conference on Wireless Networks, Communications, and Mobile Computing*, Maui, HI, USA, 06/2005

18. Technical program committee, *International Conference on Communications Systems*, Singapore, 09/2004

17. Technical program committee, Transmission technology track, *IEEE Vehicular Technology Conference*, Los Angeles, CA, USA, 09/2004

16. Technical program committee, Wireless access track, *IEEE Vehicular Technology Conference*, Los Angeles, CA, USA, 09/2004

15. Technical program committee, Communications theory symposium, *IEEE International Conference on Communications*, Paris, France, 06/2004

14. Technical program committee, Wireless communications symposium, *IEEE International Conference on Communications*, Paris, France, 06/2004

13. Technical program committee, Signal processing in communications symposium, *IEEE International Conference on Communications*, Paris, France, 06/2004

12. Technical program committee, Wireless communications symposium, *IEEE Global Communications Conference*, Dallas, TX, USA, 11/2004

11. Technical program committee, Networks and systems symposium, *IEEE Global Communications Conference*, Dallas, TX, USA, 11/2004

10. Technical program committee, *IASTED International Conference on Communication Systems and Applications*, Banff, AB, Canada, 07/2004

9. Technical program committee, *Communication Networks and Services Research Conference*, Fredericton, NB, Canada, 05/2004

8. Technical program committee, Wireless communications symposium, *IEEE Global Communications Conference*, San Francisco, USA, 12/2003

7. Technical program committee, Communication theory symposium, *IEEE Global Communications Conference*, San Francisco, USA, 12/2003

6. Technical program committee, *IEEE Vehicular Technology Conference*, Orlando, FL, USA, 10/2003

5. Technical program committee, Communication theory symposium, *IEEE International Conference on Communications*, Anchorage, Alaska, USA, 05/2003

4. Session chair, *IEEE Pacific Rim Conference on Communications, Computers and Signal Processing*, Victoria, BC, Canada, 08/2003

3. Session chair, *IEEE Vehicular Technology Conference*, Vancouver, BC, Canada, 09/2002

2. Session chair, *IEEE International Symposium on Advances in Wireless Communications*, Victoria, BC, Canada, 09/2002

1. Session organizer and session chair, *IEEE International Conference on Communications*, Dresden, Germany, 06/2009 and *IEEE Vehicular Technology Conference*, 2002
